

I am Phillip Parrish.

I am not a politician.

I am an Intelligence Officer in the U.S. Navy, Husband, Dad, Grandpa, Teacher and Principal.

I will work every day to protect your **Freedom** by ending and rescinding mandates that are in conflict with MN law and the U.S. Constitution, and I will uphold our Bill of Rights. I will protect your **Security** by ending our participation in the immigration relocation program and ending sanctuary cities. I will protect your **Prosperity** by getting rid of variable and hidden tax schemes that pick winners and losers. I will protect life, freedom, and security. It's time for leadership that is for the people of MN—not for the establishment.

We as Minnesotans are generous and loving people. We run to the aid of others in need. We love our great State, its natural resources, our beautiful landscapes, and our heritage. A frontiersman-like spirit remains, and we understand it takes all people working together to survive. The phrase, Minnesota Nice, sticks and reflects proudly on our communities.

HOWEVER, we are not prepared for people who celebrate extortion, exploitation, and manipulation to achieve goals. We have enabled violent, abusive, and ill-intended people thru VOLAGS, Catholic Charities & Lutheran Services. Under my administration, Minnesotans will no longer fund Immigration/Relocation program of Refugees through these social programs. We will end contracts with federal & UN agreements for refugees & immigration. Unelected officials, such as the Met Council, will not have the authorities to affect cities, towns, quite frankly all Minnesotans. No longer will we be exploited for our loving, kind, and generous nature.

My top priorities will be to support private healthcare programs through access to care and private insurance; to cut individual and corporate taxes by removing scams & schemes. We are ranked #8 in the USA in overall taxation. I will expose and remove policies that promote sanctuary cities; end taxpayer-funded programs that threaten life; eliminate all programs that promote foreign government interests and policies. I will rescind executive orders that overburden small and large businesses. We need Mining, Agriculture and Manufacturing; they are the backbone of Minnesota. I will investigate Minnesota education programs; find out why we continue to throw money at education, but continue with low test scores. I will strive to modernize our transportation (without trains), encourage new energy ideas, and update communication with a broadband infrastructure.

I AM AN INVESTIGATOR. I will investigate the agencies spending your hard-earned dollars. I will work hard to represent the citizens of Minnesota. I am asking for you to check out my website & social media. If you like what you see, contact us, become a delegate, get involved. Please get informed on what's happening in our state. Let's have a conversation.

I am Phillip Parrish. I look forward to meeting and speaking with you soon.
